ROAD RAGE PROP GUIDE

ROAD RAGE

A collab between Rampart and the bastion of the Bone Cage, Walter “Fuse” Fitzroy. Modded by Rampart based on the hopes and dreams of the Grenado Tornado, its tried-and-true rate of fire is coupled with some surprising but entirely necessary additions like jets of flame and a bottle opener. You never know when you’re going to need to bring the heat, then celebrate with a coldie.

DID YOU KNOW?
Inspired by Fuse’s motorcycle that he takes on a 4,000km ride every year on his birthday.
