

Apex Legends Global Series

Official Rules

1. OVERVIEW

VOID WHERE PROHIBITED BY LAW.

The Apex Legends Global Series (“ALGS”) is sponsored by Electronic Arts Inc. (“EA”), 209 Redwood Shores Parkway, Redwood City, CA 94065, United States and is governed by these Official Rules (“Official Rules”).

The ALGS is a series of video game competitions conducted using Apex Legends (“Game”) for the PC (“Supported Platform”). The ALGS is void where prohibited or restricted by law. All federal, state, provincial, and local laws and regulations apply.

Non-ALGS Game competitions are governed by separate terms and conditions for participation.

Players who meet the eligibility requirements in **Section 2** (individually, a “Competitor”) compete in teams (each, a “Team”) to qualify through placement in certain online qualification tournaments (“Online Tournaments,” described in **Section 4**) for a chance to compete in the ALGS Championship (further described in Section 4.2.3).. The ALGS concludes with the ALGS Championship.

Dates, times, registration periods, locations and other details for ALGS events will be posted at www.playapex.com/algs as they become available.

These Official Rules may be updated by EA without notice as necessary, including without limitation, to add further clarity, correct errors, comply with changes in applicable law, or address matters that arise after publication.

EA reserves the right to cancel, suspend and/or modify the ALGS, or any part of it, if any fraud, technical failures or any other factor impairs the integrity or proper operation of the ALGS, as determined by EA in its sole discretion. EA reserves the right to disqualify any Competitor or Team at any time for any reason, including but not limited to, tampering with the operation of the ALGS, or acting in violation of these Official Rules. Any attempt by any person to deliberately undermine the legitimate operation of the ALGS may be a violation of criminal and civil law, and, EA reserves the right to seek damages and other remedies (including attorneys' fees) from any such person to the fullest extent permitted by law.

By participating in the ALGS, Competitors agree to be bound by these Official Rules and the decisions of EA, ALGS officials and administrators.

2.4. PROOF OF RESIDENCY

Competitors will be required to provide proof of residency in an eligible country to determine their eligibility to compete in the ALGS. The sufficiency of any such proof or documentation will be determined by EA (or its agent) in EA's sole discretion.

Competitors invited to participate in a Live Event may be required to sign and return a Declaration of Eligibility to Travel, as well as to certify their residency by providing a government-issued identification, such as a passport, driver's license, identification card, or work visa with a name and physical address in an eligible country.

Competitors under the age of majority in their territory of residence may provide a school identification card if government-issued identification is not available and their parent or legal guardian must also provide government-issued identification.

2.5. EMPLOYEES AND CONFLICTS OF INTEREST

Employees of EA and its respective affiliates, subsidiaries, representatives, advertising, promotion and publicity agencies, Battlefy, Inc., and the immediate family members or persons living in the same household of such employees are not eligible to participate in the ALGS.

2.6. REGISTRATION DATA AND LEADERBOARD

As part of the registration process, Competitors will be asked to provide information such as EA Account ID and Team name. This information may be used in any leaderboard data created as part of the ALGS. The leaderboard will be published within one (1) week following the conclusion of each points-awarding event and updated with Competitor point totals on a regular basis, as determined by EA in its sole discretion.

3. TEAM ELIGIBILITY AND COMPOSITION

3.1. ROSTERS & ROSTER LOCK

A Team includes three (3) Competitors. Starting with the ALGS Winter Circuit, a Team may also include one (1) additional registered Competitor on their roster as a substitute (“Substitute Player”). The event-specific rules will indicate if a Substitute Player is allowed for an event. The process to designate this Competitor is detailed in Section C7. EA retains a right of approval over the roster submitted by each Team, and may reject any roster that does not comply with the Official Rules.

Competitors must register for every event with a Team. Competitors may not be a member of more than one (1) registered Team for the same event. In order to join a new Team for an event, a Competitor must first leave or be removed from the Team with whom they are currently registered for the event.

Competitors may change teams for an event at any time prior to the event’s roster lock date (“Roster Lock Date”). The Roster Lock Date for Online Tournaments will be communicated in the event-specific rules. The Roster Lock Date for the ALGS Championship is one (1) week prior to the first day of competition.

Players may leave a Team voluntarily or may be removed from the Team by the Team Captain.

3.2. TEAM CAPTAIN

The Competitor who creates the Team on the Registration Site during the registration process will be deemed the Team Captain. The Team Captain is responsible for managing the official roster for their Team on the Registration Site, for inviting new players to become Competitors on the Team, and for registering the Team for each event.

A Team Captain role assignment may be changed by two (2) Competitors on the Team, not including the Substitute Player, separately emailing ALGS League Operations at algsleagueops@ea.com from the email address associated with their EA Account ID with the Team Captain change request and with the same nomination for a new team captain. The new captain must be an existing Competitor on the Team. Change is subject to confirmation by ALGS administration.

3.3. TEAM NAME

During the registration process, the Team Captain must indicate an official Team name. The name must be unique from other Team names, is subject to approval by EA, and must comply with the requirements in APPENDIX A.

Teams with names that are the same or similar to companies or organizations may be required to provide proof that they are authorized representatives of that organization.

3.4. **TEAM ELIGIBILITY**

If a player on a team is found to be ineligible prior to the Roster Lock Date of the event the team is registered for and the team has designated a Substitute Player, the ineligible player will be automatically replaced with the Substitute Player. If there is more than one (1) ineligible player on the team, then the team will be required to replace the remaining ineligible players with eligible players.

If a player on a team is found to be ineligible after the Roster Lock Date of the event the team is registered for, the team may be allowed to replace the ineligible player with an eligible player, subject to ALGS administration approval.

If a player on a team is found to be ineligible after the start time of the event, the team will be removed from the event and forfeit all matches in the event.

The ALGS Championship may feature additional eligibility requirements. Please refer to the event-specific rules for more information.

3.5. **REPRESENTING AN ORGANIZATION IN THE ALGS**

Teams may represent an organization in the ALGS.

Prior to an event's Roster Lock Date, Team Captains must provide the following by emailing ALGS League Operations at algsleagueops@ea.com:

- Name of the organization the Team will be representing and authorization for use
- Organization logo and authorization for use
- Team Name and logo
- Contact information for an officer or representative of the Organization

EA will inform qualified Competitors of any other applicable deadlines and required information.

4. **COMPETITION STRUCTURE**

4.1. **GENERAL**

Competitors earn points through their performance in Online Tournaments ("ALGS Points"). More information regarding ALGS Points can be found in APPENDIX E.

4.2. **EVENT TYPES**

4.2.1. **Online Tournaments**

Online Tournaments will award ALGS Points as described in APPENDIX E. Some Online Tournaments will also award prizes as described in **Section 6 Prizes** and the event-specific rules. Teams must advance at least one (1) round in an Online Tournament in order to receive ALGS Points; this requirement does not apply to Online Tournaments with only one (1) round or Teams that compete in only the last round of an Online Tournament due to advanced starting placement. There will be a minimum of ten (10) total Online Tournaments per Region for the ALGS.

Some Online Tournaments will be administered by Battlefy (<https://battlefy.com/>) and will require a Battlefy account to participate. See APPENDIX C and event-specific rules for match rules and guidelines for Online Tournaments.

Certain Online Tournaments will be grouped together as part of a series culminating in a playoff. These series include the ALGS Summer Circuit (“Summer Circuit”), the ALGS Autumn Circuit (“Autumn Circuit”), and the ALGS Winter Circuit (“Winter Circuit”). See APPENDIX N for details on the Summer Circuit, APPENDIX U for details on the Autumn Circuit, and APPENDIX AB for details on the Winter Circuit.

4.2.1.1. Online Tournament Regions

Online Tournaments will be separated by region. The regions (“Regions”) are:

- North America (NA)
- Europe (EU)
- South America (SA)
- South Korea (KR)
- Japan (JP)
- Greater Southeast Asia (GSEA)
- Australia & New Zealand (ANZ)
- Middle East & Africa (MEA)

See APPENDIX B for the list of countries in each Region.

4.2.1.2. Super Regions

Some Online Tournaments will group together Teams from different Regions. These combined Regions (“Super Regions”) may differ between tournaments.

The Super Regions for the Summer Circuit, Autumn Circuit, and Winter Circuit are:

- Americas
 - Includes:
 - North America
 - South America
- EMEA
 - Includes:
 - Europe
 - Middle East & Africa
- APAC North
 - Includes:
 - Japan
 - South Korea
- APAC South
 - Includes:
 - Australia & New Zealand
 - Greater Southeast Asia

4.2.1.3. Regional Restrictions and Requirements

Teams may only register for one (1) Region per Online Tournament.

For each Online Tournament, Teams are required to:

1. have all Competitors physically participate from an eligible country for the Region which the Team is registered; and
2. include at least one (1) Competitor on a Team, not the Substitute Player, that is a resident of an eligible country for the Region in which the Team is registered.

Example: Team A is registered to compete for an Online Tournament in the NA Region. All Competitors on Team A must physically participate from a country listed in the NA Region (Canada, Mexico, Puerto Rico, or the United States) AND at least one (1) Competitor on Team A must be a resident of a country listed in the NA Region (Canada, Mexico, Puerto Rico, or the United States).

4.2.2. EA Approved Events

EA Approved Events are online events (not Online Tournaments described in **Section 4.2.1.**) that are sponsored by third parties where Competitors may earn ALGS Points or a reserved spot in a future event. The rules for participation and methods of qualification will be determined by the sponsors of these events, which may be limited to a specific segment of players. Non-ALGS-registered players can compete in EA Approved Events, but they will not be able to earn ALGS Points. Points earned by non-registered players will be forfeited and cannot be transferred to other players.

4.2.3. ALGS Championship

The ALGS Championship is the culmination of the ALGS.

Teams qualify for the ALGS Championships through one of the following methods, in descending order of priority:

- Winter Circuit
 - Each Region or Super Region's top placing Teams, as determined by a Team's finishing placement in the Winter Circuit Playoffs, will qualify to participate in the ALGS Championship ("WC Qualified Championship Teams").
 - The minimum number of WC Qualified Championship Teams are as follows. For North America: Top five (5) Teams. For EMEA: Top five (5) Teams. For APAC South: Top three (3) Teams. For APAC North: Top two (2) Teams. For South America: Top two (2) Teams.
 - WC Qualified Championship Teams must maintain at least two (2) Competitors from the qualifying event roster in their locked rosters for the ALGS Championship.
 - The qualifying event roster consists of the three (3) Competitors (not including the Substitute Player) who were on the Team roster as of the qualifying event's Roster Lock Date or the three (3) Competitors who were in-Match at the end of the Team's final match in the qualifying event.
 - If the qualifying event roster includes a Substitute Player who was in-Match at the end of the Team's final match in the qualifying event, and if, after qualifying for the ALGS Championship through performance in the Winter Circuit, the Team splits into two (2) teams of two (2) Competitors (from the qualifying event roster) each, , the team with the Team Captain from the qualifying event roster will retain the qualification spot.
 - Competitors on WC Qualified Championship Teams are not eligible to participate in the ALGS Championship Last-Chance Qualifier. If a Competitor on a WC Qualified Championship Team, is on a team's roster for the Championship Last-Chance Qualifier as of the Championship Last-Chance Qualifier Roster Lock

Date, that Competitor will be removed from the WC Qualified Championship Team.

- Total ALGS Points
 - The top Teams from each Region or Super Region with the highest cumulative total ALGS Points earned throughout the ALGS season (including all ALGS events starting with Online Tournament 1 through the end of the Winter Circuit) will qualify for the ALGS Championship.
 - This qualification method is open only to Teams who have not already qualified for the ALGS Championships and who compete in the Winter Circuit Online Tournament 4 or Winter Circuit Last Chance Qualifier (both described in APPENDIX AB).
 - The minimum number of Teams qualifying through this method are as follows. For North America: Top nine (9) Teams. For Europe: Top nine (9) Teams. For Middle East & Africa: Top two (2) Teams. For Greater Southeast Asia: Top five (5) Teams. For Australia & New Zealand: Top two (2) Teams. For Japan: Top four (4) Teams. For South Korea: Top two (2) Teams. For South America: Top three (3) Teams.
 - A Team's Region or Super Region, for the purposes of determining qualification through this method, will be based on the Region or Super Region in which the Competitors (excluding the Substitute Player) on a Team earned the majority of their ALGS Points.
 - Total ALGS Points will be calculated following the conclusion of the Winter Circuit and will include the ALGS Points earned by each Competitor, excluding the Substitute Player, on a Team's locked roster from the Winter Circuit Last-Chance Qualifiers or the Winter Circuit Online Tournament 4 (if a Team did not compete in the Winter Circuit Last-Chance Qualifiers).
 - After qualifying through this method, Teams are required to register for the ALGS Championship with the same Competitors, excluding the Substitute Player (if any), from the Team roster of the Team's most recently completed ALGS event (either Winter Circuit Online Tournament 4 or Winter Circuit Last-Chance Qualifier).
- Championship Last-Chance Qualifier
 - Each Region or Super Region's top placing Teams, as determined by a Team's finishing placement in the Championship Last-Chance Qualifier, will qualify to participate in the ALGS Championship. The minimum number of Teams qualifying through this method are as follows. For North America: Top two (2) Teams. For EMEA: Top two (2) Teams. For APAC South and APAC North: Top one (1) Team per Super Region. For South America: Top one (1) Team.
 - This qualification method is open only to Teams that have not qualified through another method.
 - Further details will be included in the event-specific rules.

EA reserves the right to modify the breakdown of invites from each qualifying method.

Invited teams will have until their registration deadline, communicated in their emailed invitation, to register for the event.

See event-specific rules for details on how to qualify for and compete in the ALGS Championship.

4.3. **Apex Legends Global Series Points**

Online Tournaments will award ALGS Points to each Competitor on the top placing Teams. ALGS Points will accumulate throughout the duration of the ALGS.

Teams in Online Tournaments and Live Events will be seeded using each Team's cumulative ALGS Points (excluding any ALGS Points from Substitute Players) as of the event's Roster Lock Date.

For more information about ALGS Points, see APPENDIX E.

4.4. Travel to Live Events

EA or third parties may provide travel accommodations for some invited or qualified Competitors to a Live Event at EA's or such third party's expense.

For Competitors with travel expenses paid by EA, the selection of any transportation carriers, hotels, and/or related transfers will be in EA's sole discretion. EA reserves the right to provide ground transportation instead of airfare based on a Competitor's travel distance from a Live Event. If a player requests special travel or accommodation plans, such as different travel dates, different carriers, or departure/arrival cities other than the designated city for the tournament, and if the cost of the special travel request exceeds that of the standard tournament travel plans, EA may require the Competitor to cover the difference in cost.

Competitors must sign a Declaration of Eligibility to Travel prior to accepting travel accommodations to Live Events. The Declaration of Eligibility to Travel will be provided to Competitors via email to the email address used to register for the ALGS. If a Competitor does not complete the Declaration of Eligibility to Travel within seven (7) calendar days after attempted notification, fails to sign and/or return the Declaration of Eligibility to Travel within the required time period, refuses travel, is ineligible to accept travel, or is unavailable to travel on dates appropriate to the Live Events, the Competitor forfeits travel accommodations as well as their place in the Live Event.

If a Competitor is a minor in his or her territory of residence, the Competitor's parent or legal guardian will be required to sign all necessary documents to accept travel, and must accompany the Competitor to the Live Event. In these instances, travel accommodations will include additional airfare for one (1) parent or legal guardian. Competitor and parent/legal guardian must travel together on the same itinerary and will share hotel accommodations.

Receiving travel accommodations is contingent upon compliance with these Official Rules. If a Competitor is disqualified or travel is forfeited for any reason, EA may award that Competitor's travel and accommodations to an alternate Competitor.

Incidentals for travel, including, without limitation: telephone calls, facsimile charges, Internet charges, spa/beauty salon services, laundry, tours/excursions, gift shop purchases, hotel processing fees, airline service charges and any other expenses not mentioned in these Official Rules are the sole responsibility of the Competitor and his or her companion, and the Competitor may be asked to account for any such incidental charges by providing the applicable hotel with a credit card. Hotel and airfare cannot be used separately. Travel and accommodations are subject to availability and certain restrictions. Any extra nights' stay and any additional costs associated with an extended stay are the sole responsibility of the Competitor and his or her companion. Valid passport and/or other travel documentation may be required, which is the responsibility of each Competitor. Additional restrictions may apply.

4.5. Enforcement

EA accounts and match data may be audited for items including but not limited to malicious behavior and cheating. Any Competitor may be disqualified immediately from the ALGS, at the discretion of EA or its agents, for any reason, including for any failure to comply with the User Agreement, Privacy & Cookie Policy, Code of Conduct (in APPENDIX A), which may include but is not limited to:

- using any cheats, hacks or other third party "helper" applications in playing matches;
- intentionally disconnecting from the Internet during any match;
- colluding with other teams in playing matches;
- taking advantage of known exploits in the game (it is the responsibility of players to understand and avoid all current illegal exploits); or
- Abusive or disorderly behavior, including any use of harassing, negative, or profane language online.

EA, in its sole discretion, reserves the right to disqualify any Competitor or Team at any time, for any reason, including but not limited to tampering with the entry process or the operation of the ALGS, or acting in violation of these Official Rules or in an unsportsmanlike or disruptive manner and reserves the right to void all associated entries. Disqualification of an individual Competitor may result in the disqualification of the Competitor's entire Team from an ALGS event or the entire ALGS. **Any attempt by any person to deliberately undermine the legitimate operation of the ALGS may be a violation of criminal and civil law, and, should such an attempt be made, EA reserves the right to seek damages and other remedies (including attorneys' fees) from any such person to the fullest extent permitted by law. EA's failure to enforce any term of these Official Rules shall not constitute a waiver of that provision.**

6.6. Prize Terms and Conditions

Prizes are not transferable. No substitution of prizes for other goods and services is permitted, except that EA reserves the right to provide a substitute prize of approximately equal or greater value if the advertised prize is unavailable. For winners with a place of residence in Uruguay, prizes will be awarded in the form of gift card(s) instead of cash. All federal, state, provincial, and local taxes, and international tariffs, are the sole responsibility of the individual winner.

Prize winners will be required to complete and sign a Winner Declaration & Consent in order to claim a prize. If any prize winner fails to sign and/or return the Winner Declaration & Consent, refuses the prize, is ineligible to win the prize, or prize is returned as undeliverable, that prize winner forfeits the prize. Failure to communicate banking information and delivery method to prize distribution vendor in a timely manner may result in forfeiture. If a prize winner is considered a minor in his or her territory of residence, winner’s parent or legal guardian (as required by law) will be required to sign all necessary documents upon verification of ID. Receiving a prize is contingent upon compliance with these Official Rules; all prizes claimed in accordance with these Official Rules will be awarded. In the event that a prize winner is disqualified or the prize is forfeited for any reason, EA retains the discretion to donate the applicable prize to a charity of EA’s choosing. Potential winners may be required to provide a shipping address to claim prize. Allow up to three (3) months for delivery of prizes.

APPENDIX C: ONLINE TOURNAMENT RULES, FORMAT & GAMEPLAY SETTINGS

C1. Overview

There will be a minimum of ten (10) Online Tournaments per Region in the ALGS, with specific Online Tournaments qualifying Teams into the ALGS Championship. Within each Online Tournament, registered Teams' results after a set number of matches (individually, a "Match") will be compared to determine advancement within the Online Tournament, and ultimately, the winners.

C2. Additional Registration Requirements and Check-in

The Team Captain is required to register their Team for each Online Tournament that a Team plans to compete in.

For Online Tournaments 1-6, each Team is required to complete the following steps to register by the registration deadlines noted in the event-specific rules:

- Team Captain: Go to the Event Webpage (described in Section C3) at [Battlefy.com/leagues/algs](https://battlefy.com/leagues/algs), select the appropriate tournament and click the "Join Tournament" button;
- Team Captain: On the Event Webpage, set the Team lineup by selecting the Competitors who will participate in the tournament from the Team roster and send these Competitors an invite to join the tournament;
- Other participating Competitors on the Team: Accept the invite to join the tournament; and
- All Competitors on the Team: Read and accept the Official Rules.

For each tournament or each stage of a tournament (where a tournament has multiple stages), registered Teams must also check-in to the Online Tournament up to one (1) hour prior to the start of the tournament or each tournament stage to confirm their attendance. Competitors are required to check in using the EA Account ID provided during the ALGS registration process on the Registration Site. Once three (3) Competitors on a Team have checked-in, the Team will be seeded into the Online Tournament.

C3. Match Rules and Format

Event-specific rules for Online Tournaments will be posted on the Battlefy webpages designated for each event ("Event Webpage") when registration for each Online Tournament opens, at least 14 days in advance of the event. Online Tournaments are administered by Battlefy (<https://battlefy.com>) and require a Battlefy account.

C3.1. Match Rules

Any additional match rules will be detailed in the event-specific rules.

- Competitors on a Team will need to add each other as friends in the Origin client prior to playing.
- The unique code(s) to join the appropriate Online Tournament Match in Apex Legends will be posted on the Event Webpage. There may be unique codes for each group and round in the tournament.
 - A guide detailing how to join an Online Tournament Match in Apex Legends will be emailed to each Competitor prior to the start of the tournament.
 - Competitors are recommended to add LeagueOps@battlefy.com to their email contacts.
 - Competitors may also request this guide by emailing ALGSLeagueOps@ea.com.

- Competitors may not share the code. In the event a Competitor shares the code, the Competitor and their Team may be subject to penalties as described in Section A6 Penalties in APPENDIX A.
 - Competitors that elect to stream their matches that display the code on their stream will be found to have shared the code.
- Prior to the start of each Match, the Team Captain is required to enter the Team name in the custom in-Game lobby for each Match. The Team name provided in the lobby must match the Team name provided during registration on the Event Webpage. The only permissible change to Team names in-Match are shortening of Team names in the event the character limit is reached.
- Competitors must be present in the in-Game Match lobby at the scheduled start time for each Match detailed in the tournament schedule in the event-specific rules in order to participate in that match.
- Matches may be started at the scheduled start time without all Competitors or Teams present.
- Competitors or Teams that miss a Match may join the next Match in the round.
- Matches may contain less than twenty (20) Teams and/or sixty (60) Competitors.
- If there are less Teams in the Group than the number of advancing spots to the next Round, all Teams will advance.

C3.2. Format

Tournament format will be detailed in the event-specific rules.

Online Tournaments 1-6 use single-elimination gameplay with multiple rounds of competition. Teams' results after a set number of Matches in each round will be compared to determine advancement to the next round. Results after a set number of Matches in the Finals round will be compared to determine the tournament winners for each Region.

C4. Online Tournaments 1-6 Scoring and Tiebreakers

C4.1. Scoring

At the end of each Match, Teams are awarded points for their placement and the Team's total number of kills ("Match Score").

The points awarded in each Match are:

- Placement
 - 1st: 12
 - 2nd: 9
 - 3rd: 7
 - 4th: 5
 - 5th: 4
 - 6th – 7th: 3
 - 8th – 10th: 2
 - 11th – 15th: 1
 - 16th – 20th: 0
- Kills
 - 1 for each kill

If a Team misses a Match (no Competitors from the Team competed in the Match), then the Team receives a Match Score of zero (0) for that Match.

At the end of each round, a Team's total points will include the Team's Match Scores for all Matches in that round ("Round Score").

C4.2. Tiebreakers

In the event two (2) or more Teams are tied in Round Score, the tie will be resolved by the following, in descending order of priority:

- Single Match Scores
 - Each tied Team's single highest Match Score is compared against all tied Teams' single highest Match Score. These may have been in the same or different Matches in the round for each tied Team. The Team that earned the highest single Match Score will win the tiebreaker. Example: Team 1 and Team 2 have tied Round Scores of 67. Team 1's highest single Match Score is 20 points in the first Match of the round and Team 2's highest single Match Score is 22 points in the second Match of the round. Team 2 would win the Single Match Score Tiebreaker. This is repeated for all Matches played in the round until all ties are broken or no additional individual Match Scores are available. Example: Team 1's and Team 2's single highest Match Score is 20 points in Matches 1 & 3 respectively. Team 1's next highest single Match Score is 18 Points from Match 3, while Team 2's next highest single Match Score is 15 in Match 2. Team 1 would win the Single Match Score Tiebreaker. If two (2) or more teams are still tied after review of Single Match Scores, then ties will be resolved using Single Match Best Placement.
- Single Match Best Placement
 - Each tied Team's best placement in a single Match is compared against the best placement in a single match of all tied Teams. These best placements may have been in the same or different Matches for each tied Team. The Team with the best placement (lowest number) will win the tiebreaker. A 1st place finish in a single match is the best possible placement. This is repeated for all Matches played in the round until all ties are broken or no additional individual Matches are available. If two (2) or more teams are still tied after review of Single Match Scores and Single Match Best Placement, then ties will be resolved using Single Match Total Kills.
- Single Match Total Kills
 - Each tied Team's single highest total kills in a single Match is compared against all tied Teams' highest total kills in a single Match. The Team with the most kills in a single Match will win the tiebreaker. This is repeated for all Matches played in the round until all ties are broken or no additional Matches are available.

C5. Online Tournament Calendar & Qualification

- Tournament schedule and qualification will be detailed in the event-specific rules.

- Competitors may not exploit a game mechanic to enter and exit the 30-second “out-of-bounds” kill timer consecutively in the same area.
 - Examples of this include repeatedly using a zipline, grapple, portal, balloon, or other character ability to repeatedly enter the same area that activates the “out-of-bounds” timer.

- Competitors may not fire their weapon while in the Downed state.

 - Using Wraith’s Dimensional Rift & Void in combination to reduce the cooldown of Void after respawned.
 - Using Wraith’s Dimensional Rift to portal inside map geometry.
 - Using any exploit, bug, and/or glitch to reduce the cooldown on a Legend’s ultimate or tactical abilities.

 - Competitors may not utilize macro functions on any input device.
 - Competitors may not utilize macros or scripts that result in actions, either in a series or simultaneously, to be executed in the game.
- Teams that participate in the Americas and EMEA Super Regional Stages of certain Online Tournaments may be required to join a specific Discord channel for communication during the broadcast.

C6.4. Glitches

- Any attempt to glitch the game is prohibited.
- In the event that EA determines that an action, kill, move or any other in-game action was caused by an unauthorized glitch, EA, in its sole discretion, will decide the next course of action, which may include, but is not limited to restarting the Match or penalizing the team according to the **Section A6 (Penalties)** in APPENDIX A.

C7. Substitute Players

- The event-specific rules will indicate if a Substitute Player is allowed for an event.
- Any Competitor on a Team may initiate a substitution on their Team between matches in the tournament.
 - To initiate a substitution, visit the Event Webpage, select the "Compete" tab and click "Edit." Then use the dropdown menu to make changes to your lineup by switching the role of the Competitor you want substituted out of the Teams' competing roster from "Player" to "Substitute."
- After initiating the substitution, a second Competitor on the same Team must confirm the substitution on the Event Webpage.
 - In the event a second Competitor does not confirm the substitution in the time limit provided, the substitution will be canceled.
- A Substitute Player will be automatically moved onto a team's competing roster for the event (i.e. moved from the "Substitute" role to the "Player" role on the Event Webpage), if the team only has two (2) Competitors in the "Player" slots by the registration deadline.
- Once confirmed, a substitution is permanent for the remainder of the tournament.

APPENDIX N: SUMMER CIRCUIT

N1. Overview

The Summer Circuit is a series of online video game competitions within the ALGS. Each tournament in the Summer Circuit, except for the Last Chance Qualifiers, will award ALGS Points to the Competitors on the top placing Teams.

The Summer Circuit consists of:

- Four (4) preliminary Online Tournaments (each, a “SC OT”), each with two (2) stages, further described in **Section N3**;
- An online Last Chance Qualifier (“SC LCQ,” described in **Section N4**) for each Region; and
- An online playoffs event (“SC Playoffs,” described in **Section N6**) for each Super Region.

A Team qualifies for the SC Playoffs through placement in a SC OT or SC LCQ.

N2. Registration and Additional Eligibility Requirements

Teams are required to register for each event in the Summer Circuit separately. For each Summer Circuit event, each Team is required to complete the following steps by the registration deadlines noted in the event-specific rules:

- Team Captain: Go to the Battlefy webpage dedicated to the specific Summer Circuit event (“SC Event Webpage”) at [Battlefy.com/leagues/algs](https://battlefy.com/leagues/algs), select the appropriate tournament and click the “Join Tournament” button;
- Team Captain: On the SC Event Webpage, set the Team lineup by selecting the Competitors who will participate in the tournament from the Team roster and send these Competitors an invite to join the tournament;
- Other Competitors on the Team: Accept the invite to join the tournament; and
- All Competitors on the Team: Read and accept the Official Rules.

Any additional eligibility requirements for each event will be communicated in the event-specific rules.

N3. Preliminary Online Tournaments

Each preliminary Online Tournament will be held over two (2) separate days of competition, with the first stage (“Regional Stage”) on Day 1, and the second stage (“Super Regional Stage”) on Day 2. The Regional Stage will be separated by Regions or Super Regions. The Super Regional Stage will be separated by Super Regions.

SC OTs use single-elimination gameplay with multiple rounds and stages of competition. In the Regional Stage, Teams’ results after a set number of Matches in each round will be compared to determine advancement to the next round. Results after a set number of Matches in the Regional Stage Finals round will be compared to advance Teams to the Super Regional Stage for each Super Region. In the Super Regional Stage, results after a set number of Matches will be compared to determine the tournament winners for each Super Region.

The exact schedule and format will be announced in the event-specific rules.

N3.1. Regional Stage

The Regional Stage may feature multiple rounds of competition, including a final round in this stage (“Regional Stage Finals”), the round immediately preceding the final round (“Regional Stage Semifinals”)

and round immediately preceding the Regional Stage Semifinals (“Regional Stage Quarterfinals”). The total number of rounds in this stage will vary pending the final amount of Teams that check-in to the tournament on the day of the competition, but will feature a maximum number of rounds.

Each round will include a series of matches.

Teams may register for one (1) Regional Stage, subject to **Section 4.2.1.3. Regional Restrictions and Requirements**, for each preliminary Online Tournament.

The top Teams, as determined by finishing placement in each Regional Stage, will advance to the Super Regional Stage for their Super Region. The exact breakdown of advancing Teams will be announced in the event-specific rules.

N3.2. Super Regional Stage

The Super Regional Stage will feature twenty (20) Teams in a single series of matches.

Top placing Teams in each Super Regional Stage may qualify for:

- Starting placement in the Super Regional Stage of the following SC OT; and
- SC Playoffs.

These top placing Teams are required to maintain at least two (2) Competitors from the qualifying event roster to maintain their starting placement in the Super Regional Stage of the following SC OT.

The exact number of qualifying Teams for Super Regional Stage starting placement will be announced in each event-specific rules. **N4. Last Chance Qualifiers**

Teams that have not already qualified for the SC Playoffs may compete in their Region’s SC LCQ for an opportunity to qualify for the SC Playoffs. A Team cannot participate in more than one (1) SC LCQ. The format and schedule will be detailed in the event-specific rules.

N5. Scoring and Tiebreakers for SC OTs and SC LCQs

N5.1. Scoring

At the end of each Match, Teams are awarded points for their placement and the Team’s total number of kills (“Match Score”).

The points awarded in each Match are:

- Placement
 - 1st: 12
 - 2nd: 9
 - 3rd: 7
 - 4th: 5
 - 5th: 4
 - 6th – 7th: 3
 - 8th – 10th: 2
 - 11th – 15th: 1
 - 16th – 20th: 0
- Kills
 - 1 for each kill

If a Team misses a Match (no Competitors from the Team competed in the Match), then the Team receives a Match Score of zero (0) for that Match.

At the end of each round, a Team's total points will include the Team's Match Scores for all Matches in that round ("Round Score").

The final scores of each Match and round will be reported by a Battlefy Tournament Official. The final standings of each Round will be communicated via the SC Event Webpage at the conclusion of each round.

N5.2. Tiebreakers

In the event two (2) or more Teams are tied in Round Score, the tie will be resolved by the following, in descending order of priority:

- Single Match Scores
 - Each tied Team's single highest Match Score is compared against all tied Teams' single highest Match Score. These may have been in the same or different Matches in the round for each tied Team. The Team that earned the highest single Match Score will win the tiebreaker. Example: Team 1 and Team 2 have tied Round Scores of 67. Team 1's highest single Match Score is 20 points in the first Match of the round and Team 2's highest single Match Score is 22 points in the second Match of the round. Team 2 would win the Single Match Score Tiebreaker. This is repeated for all Matches played in the round until all ties are broken or no additional individual Match Scores are available. Example: Team 1's and Team 2's single highest Match Score is 20 points in Matches 1 & 3 respectively. Team 1's next highest single Match Score is 18 Points from Match 3, while Team 2's next highest single Match Score is 15 in Match 2. Team 1 would win the Single Match Score Tiebreaker. If two (2) or more teams are still tied after review of Single Match Scores, then ties will be resolved using Single Match Best Placement.
- Single Match Best Placement
 - Each tied Team's best placement in a single Match is compared against the best placement in a single match of all tied Teams. These best placements may have been in the same or different Matches for each tied Team. The Team with the best placement (lowest number) will win the tiebreaker. A 1st place finish in a single match is the best possible placement. This is repeated for all Matches played in the round until all ties are broken or no additional individual Matches are available. If two (2) or more teams are still tied after review of Single Match Scores and Single Match Best Placement, then ties will be resolved using Single Match Total Kills.
- Single Match Total Kills
 - Each tied Team's single highest total kills in a single Match is compared against all tied Teams' highest total kills in a single Match. The Team with the most kills in a single Match will win the tiebreaker. This is repeated for all Matches played in the round until all ties are broken or no additional Matches are available.

N6. SC Playoffs

The SC Playoffs are the pinnacle event in the Summer Circuit. Qualified Teams compete in the SC Playoffs for their Super Region.

N6.1 Schedule and Registration

The exact schedule will be announced in the event-specific rules.

All Teams that qualify for the SC Playoffs must complete the separate registration process for the SC Playoffs. Details on how to register will be included in the event-specific rules.

N6.2. Qualification

Teams qualify for the SC Playoffs through one of the following methods:

- Preliminary Online Tournaments
 - The top three (3) Teams, as determined by finishing placement in the Super Regional Stage, from each Preliminary Online Tournament will qualify to participate in the SC Playoffs (“SC OT Playoffs Teams”).
 - After qualifying, SC OT Playoffs Teams may continue to participate in additional preliminary Online Tournaments to improve their Playoffs seeding.
 - SC OT Playoffs Teams must maintain at least two (2) Competitors from the qualifying event roster in their locked rosters for any subsequent SC OTs and the SC Playoffs in order to retain their qualification for the SC Playoffs. If a Competitor joins a new Team (i.e., a team that does not include either of their teammates from the qualifying roster) for a subsequent SC OT or SC LCQ, that Competitor will be removed from the SC OT Playoffs Team.
 - SC OT Playoffs Teams that check in for the fourth preliminary Online Tournament in the Summer Circuit (“SC OT4”) may not make any roster changes between the conclusion of SC OT4 and the Playoffs Roster Lock Date.
- Summer Circuit ALGS Points
 - The top four (4) to sixteen (16) Teams with the highest cumulative total ALGS Points earned in the Summer Circuit will qualify for the SC Playoffs.
 - The exact number will depend upon the number of repeated winners among Teams qualifying by way of preliminary Online Tournaments and how many spots are forfeited due to roster changes.
 - This qualification method is open only to Teams who have not already qualified for the Playoffs and who check in for SC OT4.
 - Total ALGS Points earned in the Summer Circuit will be calculated following the conclusion of the SC OT4 and will include the ALGS Points earned across all SC OTs by each Competitor on a Team’s SC OT4 locked roster.
 - After qualifying through this method, Teams are required to register for the SC Playoffs with the same three (3) Competitors from their qualifying roster.
- Last Chance Qualifiers
 - The top two (2) Teams, as determined by finishing placement in each Region’s SC LCQ, will advance to the SC Playoffs for their Super Region.
 - These Teams may not change any member of their Team after qualifying for the SC Playoffs.

If a Team has qualified for the SC Playoffs (“SC Playoffs Qualified Team”) and later forfeits their spot, the next top-placing Team from the SC LCQ, as defined by finishing placement in the SC LCQ, from the forfeited Team’s Region will advance to the SC Playoffs.

SC Playoffs Qualified Teams are required to confirm their intent to register for the SC Playoffs by responding to the email sent by ALGSLeagueOps@EA.com by Thursday, August 13, 2020.

In the event Teams are tied in cumulative total ALGS Points earned across all SC OTs, all tied Teams will be awarded the points detailed in **Section N6.3.2** for the seed.

N6.3.2 Scoring

The top ten (10) seeded Teams that qualify for the Playoffs through SC OTs or by Summer Circuit ALGS Points will start the SC Playoffs with points as follows:

T3.1. Tiebreakers

In the event two (2) or more Teams are tied in Total SC Playoffs Points for the 2nd to 20th finishing placement, the tie will be resolved by the following, in descending order of priority:

- Single Match Scores
 - Each tied Team's single highest Match Score is compared against all tied Teams' single highest Match Score. The Team that earned the highest single Match Score will win the tiebreaker. Example: Team 1 and Team 2 have tied Total SC Playoffs Points of 67. Team 1's highest single Match Score is 20 points in the first Match and Team 2's highest single Match Score is 22 points in the second Match. Team 2 would win the Single Match Score Tiebreaker. This is repeated for all Matches played until all ties are broken or no additional individual Match Scores are available. Example: Team 1's and Team 2's single highest Match Score is 20 points in Matches 1 & 3 respectively. Team 1's next highest single Match Score is 18 Points from Match 3, while Team 2's next highest single Match Score is 15 in Match 2. Team 1 would win the Single Match Score Tiebreaker. If two (2) or more teams are still tied after review of Single Match Scores, then ties will be resolved using Single Match Best Placement.
- Single Match Best Placement
 - Each tied Team's best placement in a single Match is compared against the best placement in a single match of all tied Teams. These best placements may have been in the same or different Matches for each tied Team. The Team with the best placement (lowest number) will win the tiebreaker. A 1st place finish in a single match is the best possible placement. This is repeated for all Matches played until all ties are broken or no additional individual Matches are available. If two (2) or more teams are still tied after

review of Single Match Scores and Single Match Best Placement, then ties will be resolved using Single Match Total Kills.

- Single Match Total Kills
 - Each tied Team's single highest total kills in a single Match is compared against all tied Teams' highest total kills in a single Match. The Team with the most kills in a single Match will win the tiebreaker. This is repeated for all Matches played until all ties are broken or no additional Matches are available.

The North America & Europe AC LCQs will each feature a maximum of 320 Teams. All other AC LCQs will each feature a maximum of 160 Teams.

U5.2.2. Seeding & Grouping

Teams will be randomly distributed into groups of up to twenty (20) at the start of the tournament. Teams will be randomly seeded within these groups.

U5.2.3. Rounds and Advancement

All Regions will have a maximum of five (5) rounds, including the AC LCQ Finals round.

Each round, except for the AC LCQ Semifinals and Finals round, will feature four (4) Matches. The AC LCQ Semifinals and Finals rounds will feature six (6) Matches.

Teams accumulate points in each Match; the points awarded are described in **Section U6.1 Scoring**.

All Teams will be initially placed into Round 1. After all Matches are completed in a given round, the Teams with the round's highest Round Scores (as described in **Section U6.1 Scoring**) in each group advance to the next round. The remaining Teams will be eliminated from the event.

The exact number of teams that will advance to the next round from each group will be announced to the Teams on the AC Event Webpage after check-in has closed on the first day of the tournament.

Each round will attempt to feature the maximum number of Teams in each group, and the number of Teams that advance to the next round in the competition may vary from one group to another.

After all Matches are completed in the AC LCQ Semi Finals (for North America, South America, Europe, APAC North, and APAC South, the round of 40; for Middle East & Africa, the round of 20), the top finishing Teams with the round's highest Round Scores in each group advance to the AC LCQ Finals. The top placing Teams from each Region will advance to the AC LCQ Finals for their Super Region or Region as follows:

- Europe
 - Top eight (8) Teams
- Middle East & Africa
 - Top four (4) Teams
- APAC North, APAC South, North America, South America
 - Top ten (10) Teams

U5.2.4. Winners Determination

After all Matches are completed in the AC LCQ Finals, the Teams with the highest Round Scores (as described in **Section U6.1 Scoring**) in the AC LCQ Finals are declared the winners of AC LCQ for that Super Region or Region.

U6. Scoring and Tiebreakers for AC OTs and AC LCQs

U6.1. Scoring

At the end of each Match, Teams are awarded points for their placement and the Team's total number of kills ("Match Score").

The points awarded in each Match are:

- Placement
 - 1st: 12
 - 2nd: 9
 - 3rd: 7
 - 4th: 5
 - 5th: 4
 - 6th – 7th: 3
 - 8th – 10th: 2
 - 11th – 15th: 1
 - 16th – 20th: 0
- Kills
 - 1 for each kill

If a Team misses a Match (no Competitors from the Team competed in the Match), then the Team receives a Match Score of zero (0) for that Match.

At the end of each round, a Team's total points will include the Team's Match Scores for all Matches in that round ("Round Score").

The final scores of each Match and round will be reported by a Battlefy Tournament Official. The final standings of each Round will be communicated via the AC Event Webpage at the conclusion of each round.

U6.2. Tiebreakers

In the event two (2) or more Teams are tied in Round Score, the tie will be resolved by the following, in descending order of priority:

- Single Match Scores
 - Each tied Team's single highest Match Score is compared against all tied Teams' single highest Match Score. These may have been in the same or different Matches in the round for each tied Team. The Team that earned the highest single Match Score will win the tiebreaker. Example: Team 1 and Team 2 have tied Round Scores of 67. Team 1's highest single Match Score is 20 points in the first Match of the round and Team 2's highest single Match Score is 22 points in the second Match of the round. Team 2 would win the Single Match Score Tiebreaker. This is repeated for all Matches played in the round until all ties are broken or no additional individual Match Scores are available. Example: Team 1's and Team 2's single highest Match Score is 20 points in Matches 1 & 3 respectively. Team 1's next highest single Match Score is 18 Points from Match 3, while Team 2's next highest single Match Score is 15 in Match 2. Team 1 would win the Single Match Score Tiebreaker. If two (2) or more teams are still tied after review of Single Match Scores, then ties will be resolved using Single Match Best Placement.
- Single Match Best Placement
 - Each tied Team's best placement in a single Match is compared against the best placement in a single match of all tied Teams. These best placements may have been in the same or different Matches for each tied Team. The Team with the best placement (lowest number) will win the tiebreaker. A 1st place finish in a single match is the best possible placement. This is repeated for all Matches played in the round until all ties are

broken or no additional individual Matches are available. If two (2) or more teams are still tied after review of Single Match Scores and Single Match Best Placement, then ties will be resolved using Single Match Total Kills.

- Single Match Total Kills
 - Each tied Team's single highest total kills in a single Match is compared against all tied Teams' highest total kills in a single Match. The Team with the most kills in a single Match will win the tiebreaker. This is repeated for all Matches played in the round until all ties are broken or no additional Matches are available.

U7. AC Playoffs

The AC Playoffs are the pinnacle event in the Autumn Circuit. Qualified Teams compete in the AC Playoffs for their Region (North America and South America only) or Super Region.

U7.1 Schedule and Registration

The exact schedule will be announced in the event-specific rules.

All Teams that qualify for the AC Playoffs must complete the separate registration process for the AC Playoffs.

U7.2. Qualification

Teams qualify for the AC Playoffs through one of the following methods:

- Preliminary Online Tournaments
 - Based on each Team's Region or Super Region, the top one (1), two (2), or three (3) placing teams (exact number of Teams detailed below), as determined by a Team's finishing placement in the AC OT Finals from each preliminary Online Tournament, will qualify to participate in the AC Playoffs ("AC OT Playoffs Teams").
 - For South America AC OT 1-3 and Middle East & Africa: Top one (1) Team per Region qualifies. For North America AC OT 1-3 and Europe: Top two (2) Teams per Region qualify. For APAC North and APAC South: Top three (3) Teams per Super Region qualify.
 - For North America and South America in AC OT 4: Top three (3) Teams per Region qualifies.
 - After qualifying, AC OT Playoffs Teams may continue to participate in additional preliminary Online Tournaments to improve their AC Playoffs seeding.
 - AC OT Playoffs Teams must maintain at least two (2) Competitors from the qualifying event roster in their locked rosters for any subsequent AC OTs and the AC Playoffs in order to retain their qualification for the AC Playoffs. If a Competitor joins a new Team (i.e., a team that does not include either of their teammates from the qualifying roster) for a subsequent AC OT or AC LCQ, that Competitor will be removed from the AC OT Playoffs Team.
 - AC OT Playoffs Teams may not make any roster changes between the conclusion of AC OT 4 and the Playoffs Roster Lock Date.
- Autumn Circuit ALGS Points
 - The top one (1) to nine (9) Teams with the highest cumulative total ALGS Points earned in the Autumn Circuit will qualify for the AC Playoffs.

- The exact number will depend upon the number of repeated winners among Teams qualifying by way of preliminary Online Tournaments and how many spots are forfeited due to roster changes.
 - This qualification method is open only to Teams who have not already qualified for the Playoffs and who check in for AC OT 4.
 - Total ALGS Points earned in the Autumn Circuit will be calculated following the conclusion of the AC OT 4 and will include the ALGS Points earned across all AC OTs by each Competitor on a Team’s AC OT 4 locked roster.
 - After qualifying through this method, Teams are required to register for the AC Playoffs with the same three (3) Competitors from their qualifying roster.
 - Last Chance Qualifiers
 - The top five (5) Teams, as determined by finishing placement in each Region’s or Super Region’s AC LCQ, will advance to the AC Playoffs for their Super Region or Region.
 - These Teams may not change any member of their Team after qualifying for the AC Playoffs.

U7.3. Format

The AC Playoffs will feature twenty (20) Teams in a single series of matches.

U7.3.1 Seeding

Teams will be seeded by their cumulative total ALGS Points earned across all AC OTs.

Teams that qualify through an AC LCQ will be seeded below other AC Playoff teams.

In the event Teams are tied in cumulative total ALGS Points earned across all AC OTs, all tied Teams will be awarded the points detailed in **Section U7.3.2** for the seed.

U7.3.2 Scoring

The top ten (10) seeded Teams that qualify for the Playoffs through AC OTs or by Autumn Circuit ALGS Points will start the AC Playoffs with points as follows:

- 1st seed = 10 points
- 2nd seed = 9 points
- 3rd seed = 8 points
- 4th seed = 7 points
- 5th seed = 6 points
- 6th seed = 5 points
- 7th seed = 4 points
- 8th seed = 3 points
- 9th seed = 2 points
- 10th seed = 1 point

At the end of each match, Teams are awarded points for their placement and the Team’s total number of kills.

The points awarded in each match are:

- Placement
 - 1st: 12
 - 2nd: 9

- 3rd: 7
- 4th: 5
- 5th: 4
- 6th – 7th: 3
- 8th – 10th: 2
- 11th – 15th: 1
- 16th – 20th: 0
- Kills
 - 1 for each kill

U7.3.3 Match Point

The AC Playoffs Champion will be determined using the Match Point mechanic.

Once a Team reaches a certain point threshold (“AC Playoffs Match Point Threshold”), it is “Match Point Eligible.”

The AC Playoffs Match Point Threshold will be specified in the event-specific rules.

Once a Team is Match Point Eligible, winning a Match (placing first) after the Match in which they reach the Match Point Threshold will result in them being declared winners of the AC Playoffs.

After a Team has been declared the winners of the AC Playoffs, the remaining Teams will be ranked 2nd-20th based on their total Match Scores earned during the AC Playoffs (“Total AC Playoffs Points”).

The guidelines below are in addition to the guidelines noted in **Section C6**.

APPENDIX AB: WINTER CIRCUIT

AB1. Overview

The Winter Circuit is a series of online video game competitions within the ALGS. Each tournament in the Winter Circuit, except for the Last Chance Qualifiers, will award ALGS Points to the Competitors on the top placing Teams.

The Winter Circuit consists of:

- Four (4) preliminary Online Tournaments (each, a “WC OT,” described in **Section AB4**) for each of the North America, South America, Europe, Middle East & Africa Regions and for each of the APAC North and APAC South Super Regions;
- An online Last Chance Qualifier (“WC LCQ,” described in **Section AB5**) for each of the APAC North, APAC South, and EMEA Super Regions, and for each of the North America and South America Regions; and
- An online playoffs event (“WC Playoffs,” described in **Section AB7**) for each of the APAC North, APAC South, and EMEA Super Regions, and for each of the North America and South America Regions.

A Team qualifies for the WC Playoffs through the methods described in **Section AB7.2**.

AB2. Additional Eligibility Requirements

Each Competitor on a Team is required to (1) attain the rank of Gold IV or higher in the current season and split of Apex Legends Ranked Leagues on the PC platform using the EA Account used to register for the ALGS by 2:00 PT of the registration deadline noted in the event-specific rules; and (2) maintain this rank or higher throughout each Winter Circuit event in which they compete.

AB3. Registration, Roster Lock, and Additional Requirements

AB3.1. Registration Process

Teams are required to register for each event in the Winter Circuit separately. For each Winter Circuit event, each Team is required to complete the following steps by the registration deadlines noted in the event-specific rules:

- Team Captain: Go to the Battlefy webpage dedicated to the specific Winter Circuit event (“WC Event Webpage”) at [Battlefy.com/leagues/alg](https://battlefy.com/leagues/alg)s, select the appropriate tournament and click the “Join Tournament” button;
- Team Captain: On the WC Event Webpage, set the Team lineup by selecting the Competitors who will participate in the tournament, including a Substitute Player (if any), from the Team roster and send these Competitors an invite to join the tournament;
- Other Competitors on the Team: Accept the invite to join the tournament; and
- All Competitors on the Team: Read and accept the Official Rules.

AB3.2. Roster Lock

The Team roster may be edited up until the following Roster Lock Dates noted in the event-specific rules.

Players may only change Teams if they are not on a registered Roster and subject to a Tournament’s Roster Lock period.

Changes to a roster after the Roster Lock Date are subject to approval by EA.

AB3.3. Additional Requirements

Teams that participate in the North America and Europe WC OT Finals rounds, and the North America and EMEA WC LCQ Finals round, and the WC Playoffs are required to join a specific Discord channel for communication during the broadcast. The specific Discord channel to join will be provided to players via email prior to the start of the WC OT Finals round, prior to the start of the WC LCQ Finals round, and prior to the start of the WC Playoffs.

AB4. Preliminary Online Tournaments

WC OTs use single-elimination gameplay and will include at least one (1) round. Teams' results after a set number of Matches in each round will be compared to determine advancement to the next round or, if it is the final round, the tournament winners.

AB4.1. Tournament Schedule

Each preliminary Online Tournament will be held over one (1) or more days of competition. The exact schedule and format will be announced in the event-specific rules.

AB4.2. Tournament Format

AB4.2.1. Maximum Number of Teams

The North America & Europe WC OTs will each feature a maximum of 320 Teams. All other WC OTs will each feature a maximum of 160 Teams.

AB4.2.2. Seeding & Grouping

Teams will be randomly distributed into groups of up to twenty (20) at the start of the tournament. Teams will be seeded using the total cumulative ALGS points of the Competitors on the team roster for the event, not including the Substitute Player, as of the event's Roster Lock Date.

AB4.2.3. Rounds, Finals, and Winner Determination

Each WC OT may feature multiple rounds of competition, including a final round ("WC OT Finals"), the round immediately preceding the final round ("WC OT Semifinals") and round immediately preceding the WC OT Semifinals ("WC OT Quarterfinals"). Each round will include a series of matches.

The top ten (10) placing Teams from the immediately preceding WC OT, if any, (each, a "WC OT Advanced Start Team") will begin the tournament in the WC OT Finals. All other Teams will begin the tournament in Round 1.

The total number of rounds in the tournament will vary pending the final amount of Teams that check-in to the tournament on the day of the competition, but will feature a maximum number of rounds. North America & Europe WC OTs will have a maximum of five (5) rounds, including the WC OT Finals round. All other WC OTs will have a maximum of four (4) rounds, including the WC OT Finals round.

Each round prior to the WC OT Finals will feature four (4) Matches, with Teams accumulating points in each Match. The points awarded are described in **Section AB6.1 Scoring**.

After all Matches are completed in a given round, the Teams with the round's highest Round Scores (as described in **Section AB6.1 Scoring**) in each group advance to the next round or, if twenty (20) or fewer total Teams remain across all groups, the WC OT Finals. The exact number of teams that will advance to the next round from each group will be announced to the Teams on the WC Event Webpage after check-in has closed on the first day of the tournament. The remaining Teams will be eliminated from the event.

Each round will attempt to feature the maximum number of Teams in each group, and the number of Teams that advance to the next round in the competition may vary from one group to another.

The WC OT Finals will feature six (6) Matches, with Teams accumulating points in each Match. The points awarded are described in **Section AB6.1 Scoring**. After all Matches are completed in the Finals, the Teams with the Finals round's highest Round Scores (as described in **Section AB6.1 Scoring**) are declared the winners of the WC OT for that Region or Super Region.

AB5. Last Chance Qualifiers

Teams that have not already qualified for the WC Playoffs may compete in their Region's (North America and South America only) or Super Region's WC LCQ for an opportunity to qualify for the WC Playoffs. A Player cannot participate in more than one (1) regional WC LCQ.

The WC LCQ will be held online from March 19, 2021 to March 21, 2021.

AB5.1. Schedule

The exact schedule will be announced in the event-specific rules.

AB5.2. Tournament Format

This tournament will be separated by Super Region, except for the Americas, which will be separated by Region (North America and South America).

WC LCQs feature a single stage with multiple rounds of competition, including a final round ("WC LCQ Finals"), the round immediately preceding the final round ("WC LCQ Semifinals") and round immediately preceding the WC LCQ Semifinals ("WC LCQ Quarterfinals"). Each round will include a series of matches.

AB5.2.1. Maximum Teams

The North America, EMEA, and APAC South WC LCQs will each feature a maximum of 320 Teams. All other WC LCQs will each feature a maximum of 160 Teams.

AB5.2.2. Seeding & Grouping

AB5.2.3. Rounds and Advancement

All Regions will have a maximum of five (5) rounds, including the WC LCQ Finals round.

Each round, except for the WC LCQ Semifinals and Finals round, will feature four (4) Matches. The WC LCQ Semifinals and Finals rounds will feature six (6) Matches.

Teams accumulate points in each Match; the points awarded are described in **Section AB6.1 Scoring**.

All Teams will be initially placed into Round 1. After all Matches are completed in a given round, the Teams with the round's highest Round Scores (as described in **Section AB6.1 Scoring**) in each group advance to the next round. The remaining Teams will be eliminated from the event.

The exact number of teams that will advance to the next round from each group will be announced to the Teams on the WC Event Webpage after check-in has closed on the first day of the tournament.

Each round will attempt to feature the maximum number of Teams in each group, and the number of Teams that advance to the next round in the competition may vary from one group to another.

AB5.2.4. Winners Determination

After all Matches are completed in the WC LCQ Finals, the Teams with the highest Round Scores (as described in **Section AB6.1 Scoring**) in the WC LCQ Finals are declared the winners of WC LCQ for that Super Region or Region.

AB6. Scoring and Tiebreakers for WC OTs and WC LCQs

AB6.1. Scoring

At the end of each Match, Teams are awarded points for their placement and the Team's total number of kills ("Match Score").

The points awarded in each Match are:

- Placement
 - 1st: 12
 - 2nd: 9
 - 3rd: 7
 - 4th: 5
 - 5th: 4
 - 6th – 7th: 3
 - 8th – 10th: 2
 - 11th – 15th: 1
 - 16th – 20th: 0
- Kills
 - 1 for each kill

If a Team misses a Match (no Competitors from the Team competed in the Match), then the Team receives a Match Score of zero (0) for that Match.

At the end of each round, a Team's total points will include the Team's Match Scores for all Matches in that round ("Round Score").

The final scores of each Match and round will be reported by a Battlefy Tournament Official. The final standings of each Round will be communicated via the WC Event Webpage at the conclusion of each round.

AB6.2. Tiebreakers

In the event two (2) or more Teams are tied in Round Score, the tie will be resolved by the following, in descending order of priority:

- Single Match Scores
 - Each tied Team's single highest Match Score is compared against all tied Teams' single highest Match Score. These may have been in the same or different Matches in the round for each tied Team. The Team that earned the highest single Match Score will win the tiebreaker. Example: Team 1 and Team 2 have tied Round Scores of 67. Team 1's highest single Match Score is 20 points in the first Match of the round and Team 2's highest single Match Score is 22 points in the second Match of the round. Team 2 would win the Single Match Score Tiebreaker. This is repeated for all Matches played in the round until all ties are broken or no additional individual Match Scores are available. Example: Team 1's and Team 2's single highest Match Score is 20 points in Matches 1 & 3 respectively. Team 1's next highest single Match Score is 18 Points from Match 3, while Team 2's next highest single Match Score is 15 in Match 2. Team 1 would win the Single Match Score Tiebreaker. If two (2) or more teams are still tied after review of Single Match Scores, then ties will be resolved using Single Match Best Placement.
- Single Match Best Placement
 - Each tied Team's best placement in a single Match is compared against the best placement in a single match of all tied Teams. These best placements may have been in the same or different Matches for each tied Team. The Team with the best placement (lowest number) will win the tiebreaker. A 1st place finish in a single match is the best possible placement. This is repeated for all Matches played in the round until all ties are broken or no additional individual Matches are available. If two (2) or more teams are still tied after review of Single Match Scores and Single Match Best Placement, then ties will be resolved using Single Match Total Kills.
- Single Match Total Kills
 - Each tied Team's single highest total kills in a single Match is compared against all tied Teams' highest total kills in a single Match. The Team with the most kills in a single Match will win the tiebreaker. This is repeated for all Matches played in the round until all ties are broken or no additional Matches are available.

AB7. WC Playoffs

The WC Playoffs are the pinnacle event in the Winter Circuit. Qualified Teams compete in the WC Playoffs for their Region (North America and South America only) or Super Region.

AB7.1 Schedule, Registration and Substitute Players

The exact schedule will be announced in the event-specific rules.

All Teams that qualify for the WC Playoffs are required to complete the separate registration process for the WC Playoffs.

Teams may register for the WC Playoffs with a Substitute Player. Competitors who are on the WC OT 4 or WC LCQ locked rosters for a Team that has qualified for the Playoffs are not eligible to be included as a Substitute Player for the WC Playoffs, unless (1) the Competitor was designated as a Substitute Player on the WC OT 4 or WC LCQ locked rosters; or (2) the Team that wants to include the Competitor as a Substitute Player in the WC Playoffs is the same Team that included the Competitor on its WC OT 4 or WC LCQ locked roster. Player substitutions made during the WC Playoffs require the approval of the player being replaced, or if not possible, at EA's discretion.

AB7.2. Qualification

Teams qualify for the WC Playoffs through one of the following methods:

- Preliminary Online Tournaments
 - Based on each Team's Region or Super Region, the top placing Teams (exact number of Teams detailed below), as determined by a Team's finishing placement in the WC OT Finals from each preliminary Online Tournament, will qualify to participate in the WC Playoffs ("WC OT Playoffs Teams").
 - For North America, South America: Top three (3) Teams per Region qualifies. For APAC North, APAC South: Top three (3) Teams per Super Region qualifies. For Europe: Top two (2) Teams qualify. For Middle East & Africa, zero (0) teams qualify.
 - After qualifying, WC OT Playoffs Teams may continue to participate in additional preliminary Online Tournaments to improve their WC Playoffs seeding.
 - WC OT Playoffs Teams must maintain at least two (2) Competitors from the qualifying event roster in their locked rosters for any subsequent WC OTs and the WC Playoffs in order to retain their qualification for the WC Playoffs.
 - The qualifying event roster consists of the three (3) Competitors (not including the Substitute Player) who were on the Team roster as of the event's Roster Lock Date or the three (3) Competitors who were in-Match at the end of the Team's final match in the qualifying event.
 - If a Competitor joins a new Team (i.e., a team that does not include either of their teammates from the Team roster as of the qualifying event's Roster Lock Date) for a subsequent WC OT or WC LCQ, that Competitor will be removed from the WC OT Playoffs Team.
 - If the qualifying event roster includes a Substitute Player who was in-Match at the end of the Team's final match in the qualifying event, and if, after qualifying for the WC Playoffs through performance in the Preliminary Online Tournaments, the Team splits into two (2) teams of two (2) Competitors (from the qualifying event roster) each, the team with the Team Captain from the qualifying event roster will retain the qualification spot.
 - WC OT Playoffs Teams may not make any roster changes between the conclusion of WC OT 4 and the Playoffs Roster Lock Date except for the addition of a Substitute Player or, in the case where the WC OT Playoffs Team maintains only two (2) Competitors from the qualifying event roster, the addition of a Competitor.
 - Based on each Team's Region or Super Region, the top three (3) or four (4) Teams with the highest cumulative total ALGS Points earned in the Winter Circuit will qualify for the WC Playoffs.
 - For North America, South America and Middle East & Africa: Top three (3) Teams per Region qualify. For Europe: Top four (4) Teams qualify. For APAC North and APAC South: Top three (3) Teams per Super Region qualify.
 - These numbers may vary depending on the number of repeated winners among Teams qualifying by way of preliminary Online Tournaments and how many spots are forfeited due to roster changes.
- Winter Circuit ALGS Points
 - Based on each Team's Region or Super Region, the top three (3) or four (4) Teams with the highest cumulative total ALGS Points earned in the Winter Circuit will qualify for the WC Playoffs.
 - For North America, South America and Middle East & Africa: Top three (3) Teams per Region qualify. For Europe: Top four (4) Teams qualify. For APAC North and APAC South: Top three (3) Teams per Super Region qualify.
 - These numbers may vary depending on the number of repeated winners among Teams qualifying by way of preliminary Online Tournaments and how many spots are forfeited due to roster changes.

- This qualification method is open only to Teams who have not already qualified for the WC Playoffs and who check in for WC OT 4.
- A Team's Region or Super Region, for purposes of determining qualification through this method, will be based on the WC OT 4 Region or Super Region in which a Team competes.
- Total ALGS Points earned in the Winter Circuit will be calculated following the conclusion of the WC OT 4 and will include the ALGS Points earned across all WC OTs by each Competitor, not including the Substitute Player (if any), on a Team's WC OT 4 locked roster.
- After qualifying through this method, Teams are required to register for the WC Playoffs with the same Competitors, not including the Substitute Player (if any), from their qualifying roster.
- Last Chance Qualifiers
 - The top five (5) Teams, as determined by finishing placement in each Region's or Super Region's WC LCQ, will advance to the WC Playoffs for their Super Region or Region.

After qualifying through this method, Teams are required to register for the WC Playoffs with the same Competitors, not including the Substitute Player (if any), from their qualifying roster.

AB7.3. Format

The WC Playoffs will feature twenty (20) Teams in a series of matches using the Match Point format described in **Section AB7.3.4**.

AB7.3.1. Seeding

Teams will be seeded by their cumulative total ALGS Points earned across all WC OTs, not including any points earned by any Substitute Players (if any).

In the event that a Team makes a roster change prior to the start of the WC Playoffs but after all qualifying methods have concluded, the lesser of the total ALGS Points before the roster change and total ALGS Points after the roster change will be used to determine seeding. A Team's seed may not improve by making a roster change after WC OT 4.

Teams that qualify through a WC LCQ will be seeded below other WC Playoffs Teams.

In the event Teams are tied in cumulative total ALGS Points earned across all WC OTs, all tied Teams will be awarded the points detailed in **Section AB7.3.2** for the seed.

AB7.3.2. Advance Starting Points

The top ten (10) Teams that qualify for the WC Playoffs through WC OTs or by Winter Circuit ALGS Points will start the WC Playoffs with points as follows:

North America, South America, APAC South, and APAC North Advance Starting Points:

- 1st seed = 10 points
- 2nd seed = 9 points
- 3rd seed = 8 points
- 4th seed = 7 points
- 5th seed = 6 points
- 6th seed = 5 points
- 7th seed = 4 points
- 8th seed = 3 points

- 9th seed = 2 points
- 10th seed = 1 point

EMEA Advance Starting Points:

- EU & MEA 1st seed = 10 points
- EU & MEA 2nd seed = 9 points
- EU & MEA 3rd seed = 8 points

- EU 6th seed = 5 points
- EU 7th seed = 4 points
- EU 8th seed = 3 points
- EU 9th seed = 2 points
- EU 10th seed = 1 point

AB7.3.3. Scoring

The points awarded in each match are:

- Placement
 - 1st: 12
 - 2nd: 9
 - 3rd: 7
 - 4th: 5
 - 5th: 4

 - 8th – 10th: 2
 - 11th – 15th: 1
 - 16th – 20th: 0
- Kills
 - 1 for each kill

AB7.3.4. Match Point

The WC Playoffs Champion will be determined using the Match Point mechanic.

Once a Team reaches fifty (50) points ("WC Playoffs Match Point Threshold"), it is "WC Playoffs Match Point Eligible."

Once a Team is WC Playoffs Match Point Eligible, winning a Match (placing first) after the Match in which they reach the Match Point Threshold will result in them being declared winners of the WC Playoffs.

After a Team has been declared the winners of the WC Playoffs, the remaining Teams will be ranked 2nd-20th based on their total Match Scores earned during the WC Playoffs ("Total WC Playoffs Points").

AB8. Additional Match Guidelines

The guidelines below are in addition to the guidelines noted in **Section C6**.
