COSPLAY GUIDE

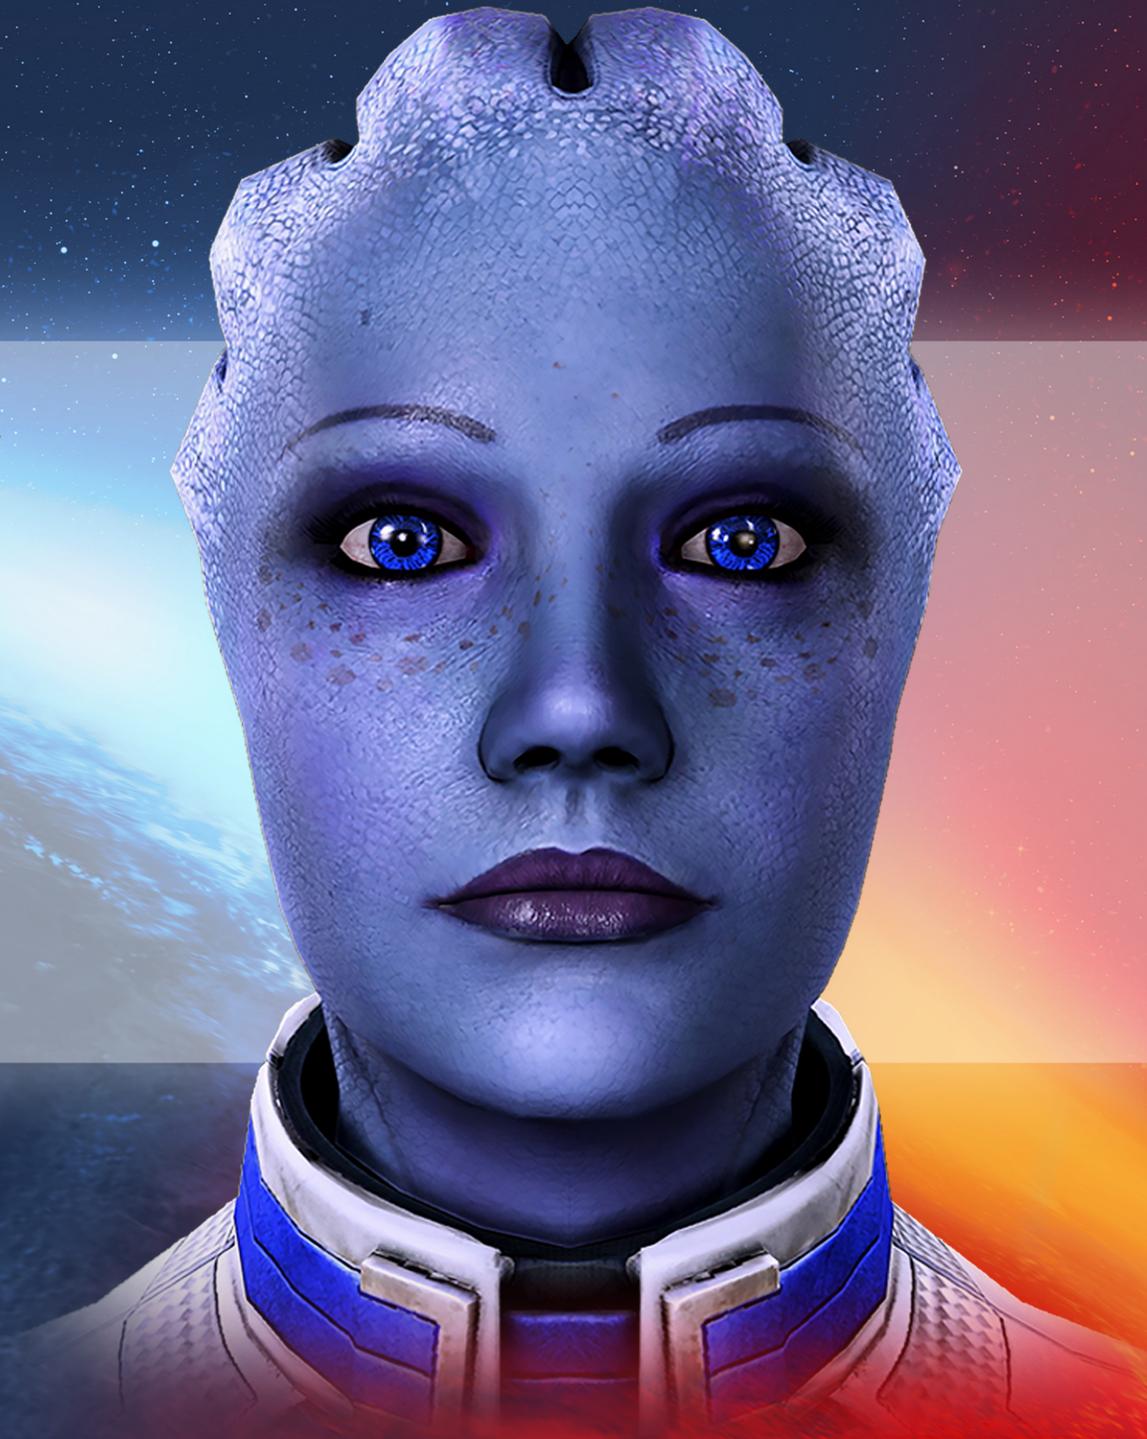

DR. LIARA T'SONI

Dr. Liara T'Soni is an asari information broker with a background in scientific research on Prothean culture and technology. Born on Thessia in 2077, she's only 106 years old – quite young by asari standards. Aside from being a gifted researcher, she's also a powerful biotic, making her an excellent choice for even the most dangerous missions.
